- **Public Private Community Partnership**
 - **Engagement with private sector, community and social actors**
- **STEAMing TVET**
 - **Strengthening Science, Technology, Engineering, Arts, Mathematics Education**

Changing Work Place

(Shift in Technology Dimension)

Moving from

Moving to

Information and communication technology

Bio-technology

Nano-technology

Emerging
Convergent
Technologies

Mecha-
tronics

Space
technology

Green
technology

Common Characteristics

Oriented
to R&D

Require strong
fundamentals

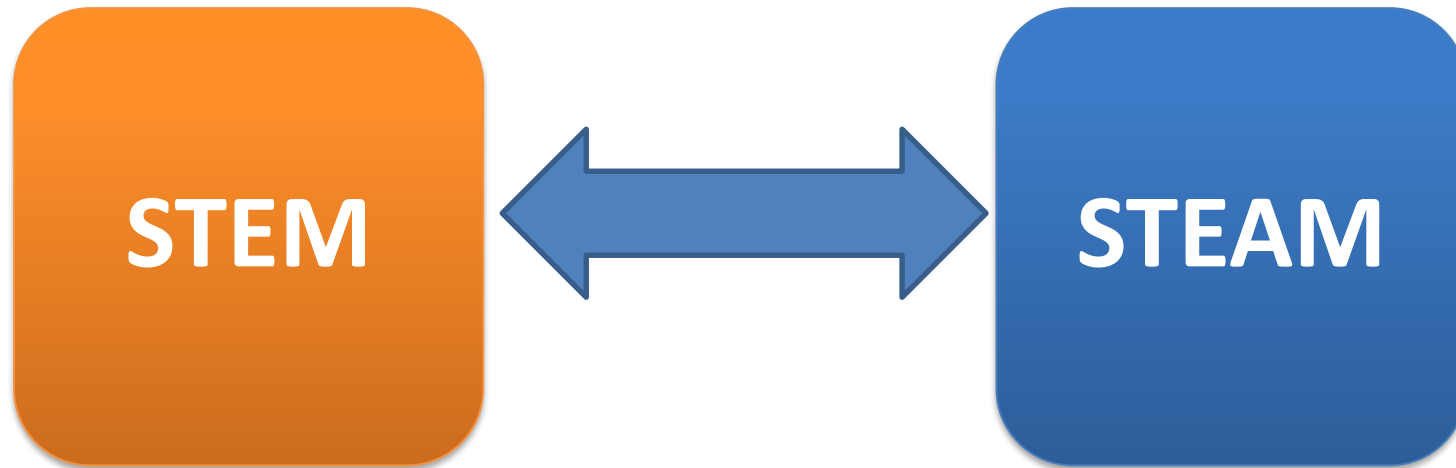

Interdisciplinary

Shorter
life cycle

Require solid foundation knowledge
to cope with fast changing work place

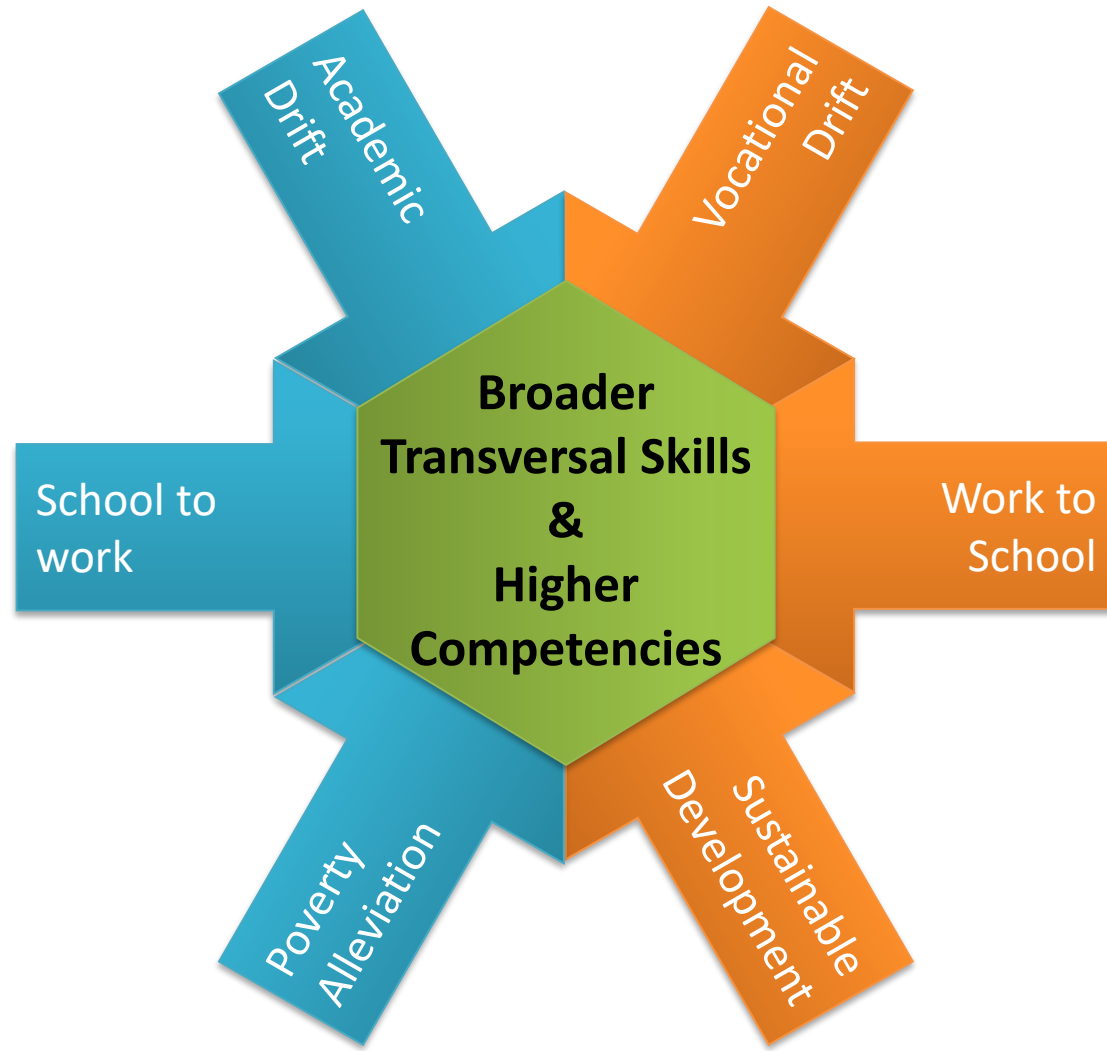

21st century skills framework

**Foundation
Skills**

**Transversal
Skills**

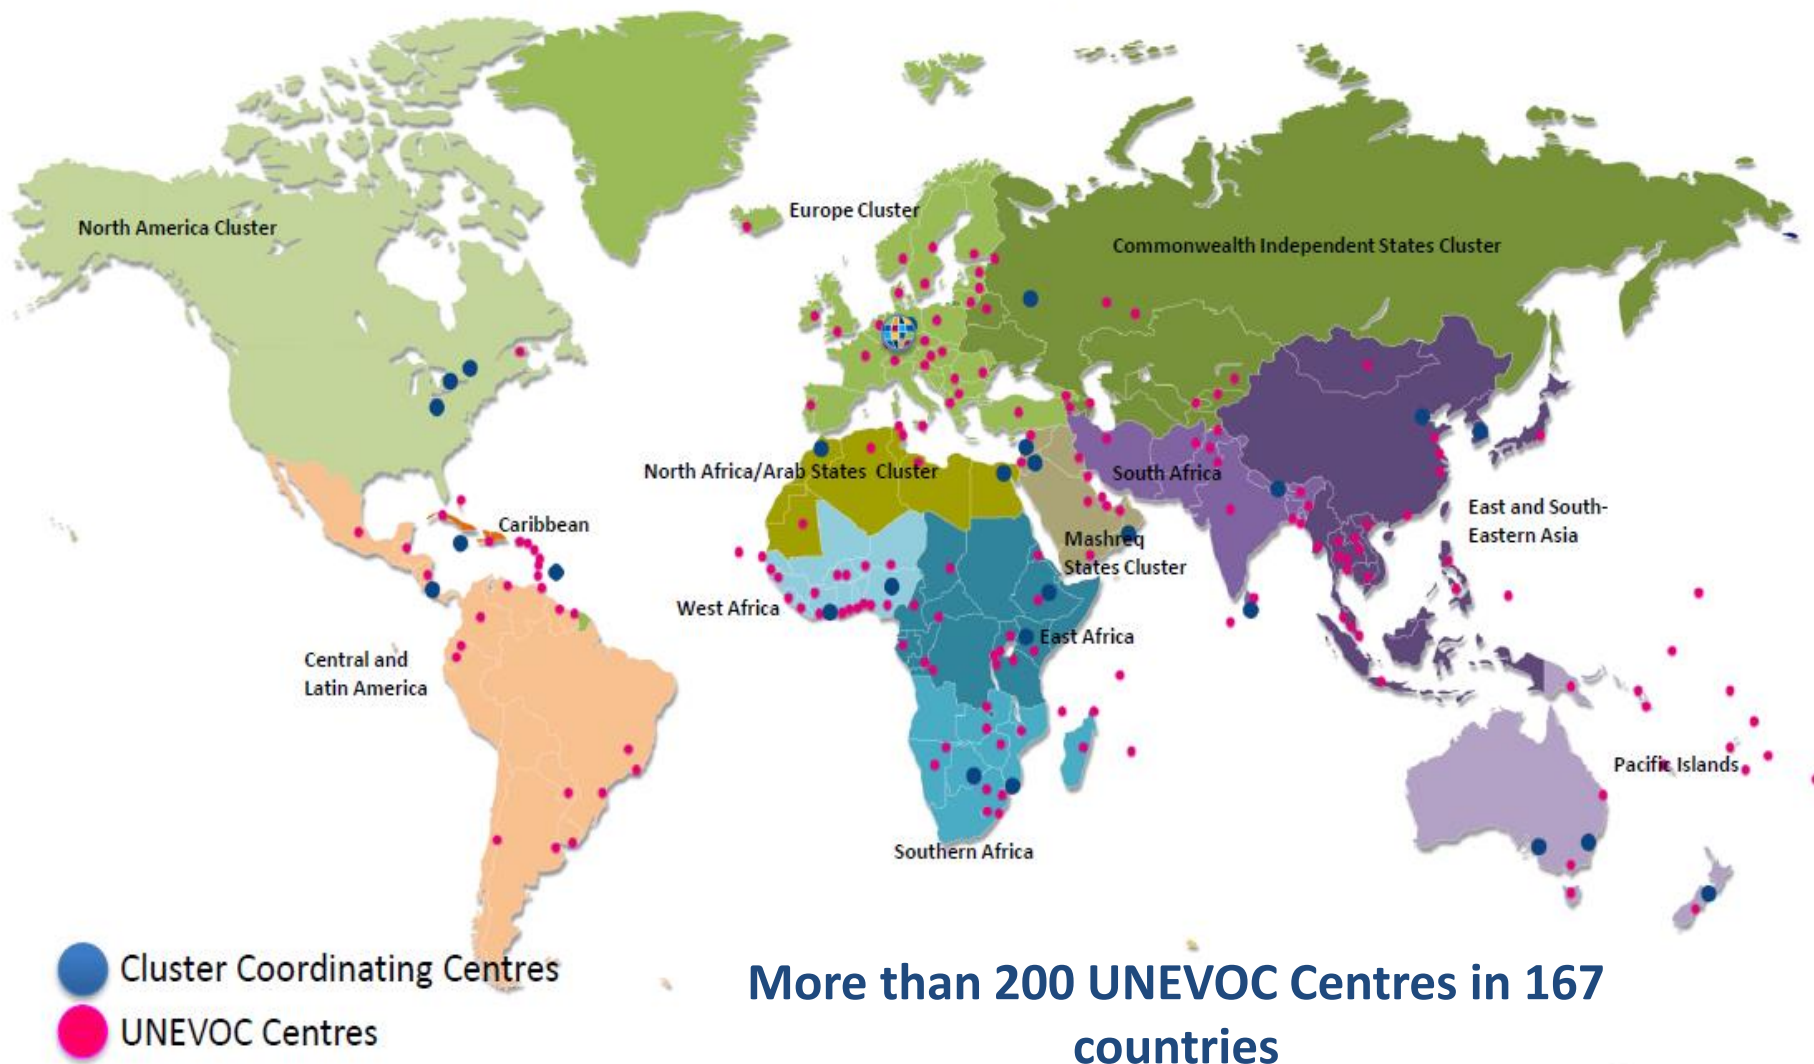

**Specialized
Skills**

New Opportunities of TVET

The UNEVOC Network

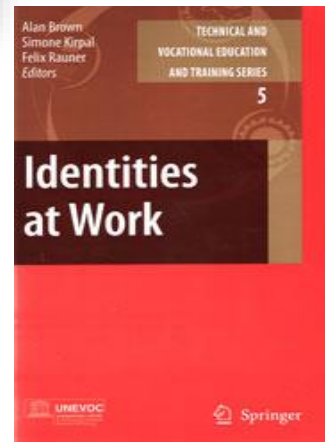

Worldwide Network of TVET Institutions

Experience Sharing and Learning from Each Other

Over 5000 forum members from 183 MS

- **TVET-Forum**
- **World TVET database**
- **Promising practices**
- **Glossary-TVETipedia**
- **Collaborative research and**
- **Capacity development & networking**
